

## 3D Visualizer/Sr. Designer, Philadelphia PA

Exit Design is seeking a Senior Level 3D Visualizer to join its talented team of design professionals. This individual would work closely with Team Leaders and designers to participate in and lead the ideation process, conceptual idea development and development of the final design.

Candidates should demonstrate excellent hand sketching skills in addition to 3D modeling and rendering, and experience working in the built environment, and with both 3D and 2D design solutions. A strong ideation process is a must. Relevant industry experience as well as a degree in Industrial Design, Interior Design or Architecture is desired, Graphic Design training is a plus. The ideal 3D Visualizer candidate for Exit Design should have experience working on projects involving multiple, if not all, disciplines listed.

Individuals must be detail oriented, self-motivated with a strong sense of conceptual thinking and form, with organizational skills and able to work under pressure. This position requires the ability to take direction from multiple people and prioritize tasks accordingly. Revit experience is a plus.

Exit Design creates visual communications that help people find their way, tell organizational stories, and discover moments of joy. Human-centered research is the foundation of our work. We consider each step along a visitor's journey and identify opportunities to surprise, delight, and enhance their experience at every turn. Through placemaking strategies and wayfinding experiences, we design moments that matter.

The Senior Designer position is a full-time position. Individuals should have 5-7 years industry experience as well as a degree in Graphic Design, Industrial Design, Interior Design or Architecture. Excellent design and communication skills are critical.
